

## Description of JMWAVE Components

### Support Branch

The Support Branch provided routine administrative services to JMWAVE. These included finance, logistics and records management and clerical support. The Branch had 19% of JMWAVE's staffing.

### Operations Branch

The Operations Branch was divided into two sections, the FI Section and the Special Operations Section. Staffing, consisting of operations officers and clerical support, was 17% of JMWAVE's total.

The FI Section (Foreign Intelligence) was responsible for the collection of intelligence from the target country through covert HUMINT means.

The Special Operations Section was responsible for paramilitary operations.

### Covert Action Branch

The Covert Action Branch was responsible for covert propaganda operations. Staffing was 10% of JMWAVE's total and consisted of operations officers and clerical support.

### External Operations Branch

The External Operations Branch was responsible for collecting HUMINT on the target country through assets in areas other than the target country. Staffing was 13% of JMWAVE's total and consisted of operations officers and clerical support.

### Reports Section

The Reports Section prepared intelligence reports for Headquarters and intelligence community consumers. Staffing was 10% of JMWAVE's total.

### Technical Services Section

The Technical Services Section provided photographic support to JMWAVE. Staffing was 6% of JMWAVE's total.

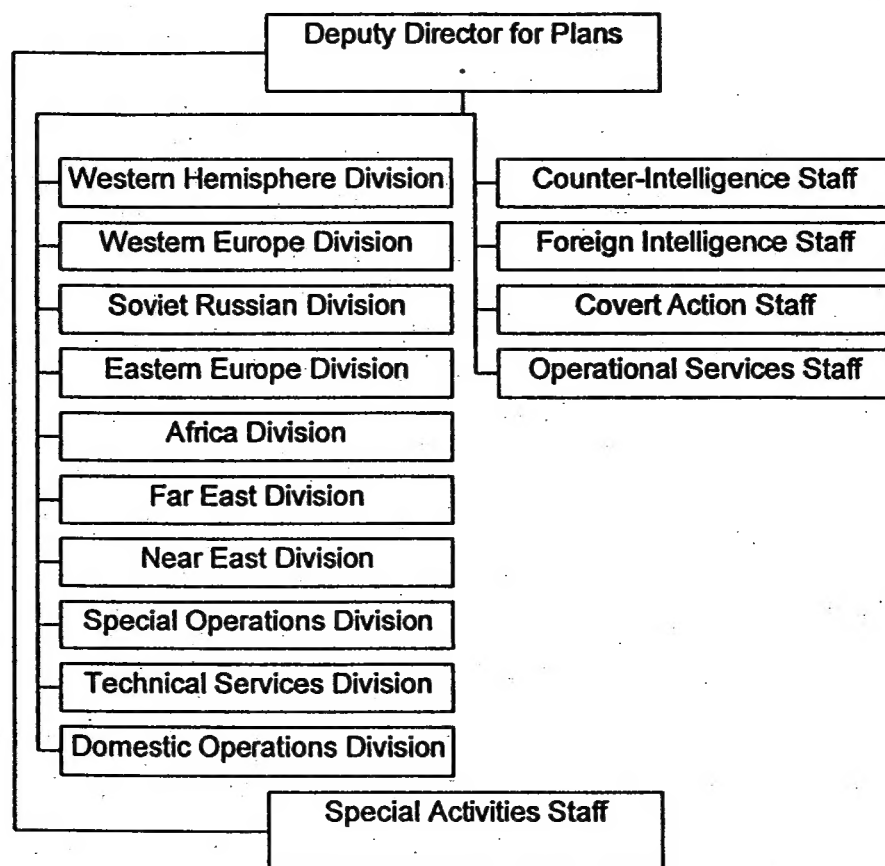

### Communicators

The communicators were responsible for secure communications between JMWAVE and Hqs. Staffing was 8% of JMWAVE's total.
